Summary: On July 26, 2001, Michael Rochman, Managing Director of the School Project for Utility Rate Reduction (SPURR), met with Linda Serizawa, advisor to Cmmr. Wood, and Belinda Gatti, advisor to Cmmr. Brown, in two separate meetings in San Francisco. Also present was Jerry Lahr of the Association of Bay Area Governments Publicly Owned Energy Resources (ABAG). Pleadings filed in this proceeding were used. Rochman referred to SPURR/ABAG's petition for modification of decision 97-12-032 (Petition) and stated that it proposes a modification of the Pacific Gas and Electric Company's (PG&E) Gas Accord to allow core aggregation customers to elect to take an assignment of a proportionate share of the firm ANG and NOVA capacity that PG&E has reserved for the core market. Rochman noted that as a result of the gas price volatility, the differential (market value vs. as-billed rate) became very large, which made it impossible for core aggregation customers to achieve a gas price comparable to the price offered by PG&E. Rochman noted that SPURR/ABAG would

agree to an approach whereby a core aggregator must elect to accept or decline a proportionate allocation of ANG and NOVA capacity for the remainder of the Gas Accord, rather than on a month-to-month basis. Rochman and Lahr urged the Commission to act quickly on the Petition. Rochman noted that whenever the value of ANG and NOVA capacity is lower than the as-billed rate, PG&E's core procurement customers benefit from any assignment of the ANG and NOVA capacity to core aggregation customers. Lahr noted that if the Commission were to reject the Petition, and if the value of ANG and NOVA capacity were to be higher than the as-billed rate, core aggregators may be forced to turn their customers back to PG&E. Lahr pointed out that in this event, PG&E would have to purchase additional gas, thereby increasing the costs anyway.

07/31/01 A00-06-032 Southern California Gas Company, for authority to implement a rate for peaking service as ordered by D.00-04-060.

Summary: On July 30, 2001, Mark Pocta of the Office of Ratepayer Advocates (ORA) participated in an all-party meeting with Cmmr. Lynch in San Francisco. Also present were Trina Horner, advisor to Cmmr. Lynch, Laura Krannawitter, advisor to Cmmr. Duque, Julie Halligan, advisor to Cmmr. Bilas, Jeffrey Hartmann, Alison Smith and Claudine Swartz representing Southern California Gas Company (SoCalGas), Kirk Morgan and James McTarnaghan representing Kern River Gas Transmission Company and Questar Southern Trails Pipeline Company, Michael Florio and Marcel Hawiger representing The Utility Reform Network, Thomas Beach representing Watson Cogeneration Company, and Lindsey How-Downing and Avis Clark representing Calpine Corporation. Pocta explained that ORA recommendation provided a peaking rate that is equitable to the utility and existing customers. Pocta stated that ORA has supported unbundling of the intrastate backbone system of SoCalGas as set forth in the Comprehensive Settlement in the Natural Gas Strategy case. Referring to the amount of stranded capacity associated with a 420 MMcf/d bypass pipeline from two projects to serve the Long Beach area, Pocta asserted that the stranded costs impacts would be much lower if the Gas Strategy Settlement was adopted.

- authorizing it to increase rates charged for water service in the Bakersfield district.

- A00-09-012 California Water Service Company, for an order authorizing it to increase rates charged for water service in the South San Francisco district.

Summary: On July 26, 2001, Stan Ferraro, Vice President and Acting Rates Manager of California Water Service Company (Cal Water), met with Cmmr. Duque in San Francisco. Also present were Fassil Fenikile, advisor to Cmmr. Duque, Tom Smegal, Don McCrea and Peter Fairchild representing the Office of Ratepayer Advocates, and Mark Fogelman representing Califarming. Referring to the issue of whether the Palos Verdes district is eligible to increase rates in 2001, Cal Water and ORA stated that nothing in decision 00-05-047 would preclude that increase now. Cal Water and ORA stated that if Palos Verdes' rates increased in 2002 based on a combined rate filing for the Palos Verdes, Hermosa-Redondo, and Dominguez districts then Palos Verdes' ratepayers could experience rate increases higher than if the merger did not take place.
